

Détecteur de proximité inductif

-
- A close-up photograph of a di-sol welding torch nozzle. The nozzle has a black plastic handle at the top and a silver-colored metal body with a threaded section. The brand name "di-sol" is printed on the body, along with the text "Produktions- und Handels GmbH". Below this, the technical specifications "DCC 08 V 04N" are visible. The nozzle has two small circular ports at the bottom.
