

## UK REACH

Restriction of the use of certain hazardous substances in electrical and electronic equipment (recast) 2015/863/EU

Registration, Evaluation, Authorisation and Restriction of Chemicals Regulations (EC 1907/2006)

With reference to the RoHS and REACH regulations GSPK Circuits Ltd confirms that;

We are fully aware of the implications of RoHS and UK and European REACH regulation as it applies to our business. We monitor our materials, exposure and compliance levels via regular contact with the HSE and the European Chemicals Agency (ECHA) and report on Substances of Very High Concern (SVHC) levels and usage scenarios where appropriate to customers and suppliers. As 'downstream users' we have not had any obligation to register substances. It is our intention to maintain a continuing dialogue with both suppliers and customers for the protection of the supply chain and full compliance with RoHS and REACH regulation. No Products supplied contain any of the 233 substances which are currently designated as SVHC by REACH regulation in excess of 0.1% weight by product. No Products supplied contain any substances which are regulated by the current RoHS regulations.

GSPK Circuits Ltd hereby certifies that all products/parts supplied conform to UK REACH regulations, Directives 2015/863/EU & EC 1907/2006 of the European Parliament and of the Council of the European Union and California Proposition 65. Any trace impurities of the RoHS substances in the parts are below the RoHS specified levels. No exemptions are being availed of.
